British Embassy
Ulaanbaatar

Note № 007/22

Her Britannic Majesty's Embassy presents its compliments to the Consular department of Ministry of Foreign Affairs of Mongolia, and has the honour to request that the relevant authorities be updated with the latest COVID19-related requirements for travel to the UK. The Embassy understands that airline and airport authorities are incorrectly asking all passengers to the UK to provide proof of negative PCR tests.

Passengers travelling to the UK who are considered to be fully vaccinated must complete a passenger locator form before travel but no pre or post-departure COVID-19 tests are required. Mongolian vaccine certificates are accepted as proof of vaccination.

Those who are not fully vaccinated must take a COVID-19 test in the 2 days before travel; complete a passenger locator form in the 3 days before arrival in the UK; and book and pay for a COVID-19 PCR test to be taken after arrival in the UK. Children aged 17 and under do not have to take or book COVID-19 tests.

More information can be found at the following link:
https://www.gov.uk/guidance/travel-to-england-from-another-country-during-coronavirus-covid-19.

Her Britannic Majesty's Embassy avails itself of this opportunity to renew to the Ministry of Foreign Affairs of Mongolia the assurances of its highest consideration.

British Embassy, Ulaanbaatar
