

SINCE 1999

MONGOLIAN EXPRESS
INTERNATIONAL FREIGHT FORWARDERS

Your Global Logistic Partner

ABOUT US

Mongolian Express LLC (known as Monex) is an independent freight forwarder, founded in 1999 by a team of qualified transport specialists.

Nowadays Mongolian Express is a dynamically growing company that has gained its customers' confidence and has a leading position on the international freight forwarding and logistic market of Mongolia. The company is a member of MNCCI (Mongolian National Chamber of Commerce & Industry) and FMFF (Federation of Mongolian Freight Forwarders).

Mongolian Express was recognized as one of the "TOP-150 companies of Mongolia" in 2004, 2006, 2007, 2008, 2012, 2013.

The company operates its container terminal in Ulaanbaatar (Monex Terminal). Provision of integrated and high-quality transport logistic service is a priority objective of the company. Since 2013, the company has a quality management system that meets the requirements of the international standard ISO 9001: 2008.

Monex takes care of the security of the cargoes during the transportation and guarantees the observance of the stipulated delivery times and freight rates.

Our customers know that their cargo is handled and delivered on time and we always work to the best of our ability to meet the quality expectation of our customer.

PRODUCTS & SOLUTIONS

RAILWAY FREIGHT AND MULTIMODAL TRANSPORTATION

Railway freight is a most safe and secure transport alternative to and out of Mongolia. Mongolian Express organizes a full range of railway freight forwarding services including domestic, export, important and transit transportation through the territories of Mongolia, Russia, China and CIS countries.

Our company arranges the multimodal transportation of the containerized FCL/LCL shipments, breakbulk and oversized cargoes to/from Mongolia from/to all over the world. Monex also offers freight consultancy and providing logistics solutions to our customers.

AIR FREIGHT

Mongolian Express has a leading position by the volume of expedited air cargo in Mongolia. Our company is the cargo agent of IATA and our air freight services include international and domestic air transportation, customs clearance at airports and door delivery.

We offer the following services:

- ✓ Inbound and outbound airfreight from/to the airport of departure/arrival worldwide
- ✓ Full service including local pick-up and delivery to airport, packing, documentation
- ✓ Air freight for the goods requiring special transportation conditions
- ✓ Charter flight arrangement
- ✓ Project cargo air transportation
- ✓ Door-to-door delivery
- ✓ Cargo insurance agent

TRUCKING SERVICE

Mongolian Express is a licensed customs bonded trucker. Company offer the trucking of the different types of cargoes to all regions of Mongolia. Also our trucks deliver and pick-up the cargoes from the frontier cities in the Russian Federation and China.

One of the advantages of the company is the availability of its own fleet of vehicles of various carrying capacity that ensures prompt pick-up and experienced delivery services for our customer.

We provide the following services:

- ✓ Delivery of import/export and project cargoes by trucks
- ✓ Transportation of oversized cargo
- ✓ Transportation of dangerous goods
- ✓ Temperature controlled delivery

To ensure the safety of the goods en route and manage the delivery process, we monitor the movement of vehicles along the route using GPS and mobile communications.

PROJECT LOGISTICS

Mongolian Express is one of most experienced project logistics service providers in Mongolia. Company specializes in the handling of project cargoes and has successfully organized logistics and performed the delivery of goods for international projects that have been implemented in energy & infrastructure sector in Mongolia in the last 18 years. We organized customized solutions for transportation of industrial plant, mining equipment, machineries, oversized and heavy-lift shipments.

For project cargoes we offer:

- route survey and development of an optimal delivery route
- preparing of loading and lashing schemes
- obtaining permits for transportation of oversized cargo
- customs clearance service
- short and long term storage
- providing the necessary special transport
- cargo escorting and delivery supervising

Our experienced team will provide the most effective solutions for the implementation of various logistics projects.

IMPLEMENTED PROJECTS:

- ✓ Transportation of equipment for the new CH power plant in Dalanzadgad (1999)
- ✓ Delivery of the walking excavator on 130 railway wagons for the coal mine Shivee-Ovoo (2001)

MONEX TERMINAL

We operate from our own terminal to ensure a rapid unload, secure storage and timely delivery. Mongol Express terminal (Monex Terminal) was founded in 2001 and it is located 2 km distance from Ulaanbaatar railway sorting station. Our terminal is equipped with modern equipment and designed to meet the specific needs of import-export oriented and domestic customers. Terminal services include the handling of containerized, wagon and truck shipments, local trucking and door delivery.

The operation at Monex terminal meets all safety requirements.

At our terminal we implement "Single window" concept when the whole process of customs clearance, tax and duty payment and arranging of cargo delivery can be performed at Terminal.

Thanks to the smooth operation of the terminal, we manage to implement complex orders for the delivery of goods just in time.

Monex Terminal

- ✓ Area: 31,000 m²
- ✓ Terminal crane with lifting capacity 50 tons
- ✓ 2 railway branch lines
- ✓ Handling capacity - 10,000 TEU per year
- ✓ 2 customs bonded warehouses
- ✓ Own truck fleet
- ✓ Handling of refrigerated containers

CONSOLIDATED CARGO

Thanks to partnership with the best carriers and consolidators, we offer integrated solutions for the transportation of consolidated cargo.

Currently our service for groupage cargo includes:

- ✓ Weekly shipments of consolidated LTL / LCL cargoes from Europe to Ulaanbaatar by trucks and railway containers
- ✓ Weekly consolidated shipments from Japan to Ulaanbaatar
- ✓ Weekly shipment of consolidated cargo from via port of Incheon, Korea to Ulaanbaatar
- ✓ Arrangement of regular groupage cargoes from Australia, USA and China to Mongolia
- ✓ Combined groupage shipments (Airfreight -LCL container -LTL truck)

We are constantly working to optimize the transport cost and the delivery time of consolidated cargo in cooperation with our partners.

AUTOMOTIVE LOGISTICS

Mongolian Express offers a full range of logistics services that ensure the timely delivery of new cars to the consignee at the destination. Our transportations are carried out with the use of containers, Ro-Ro carriers' services, railway car-carrier wagons and auto carriers.

Among our customers are distributors and dealers of the world's major automobile manufacturing companies.

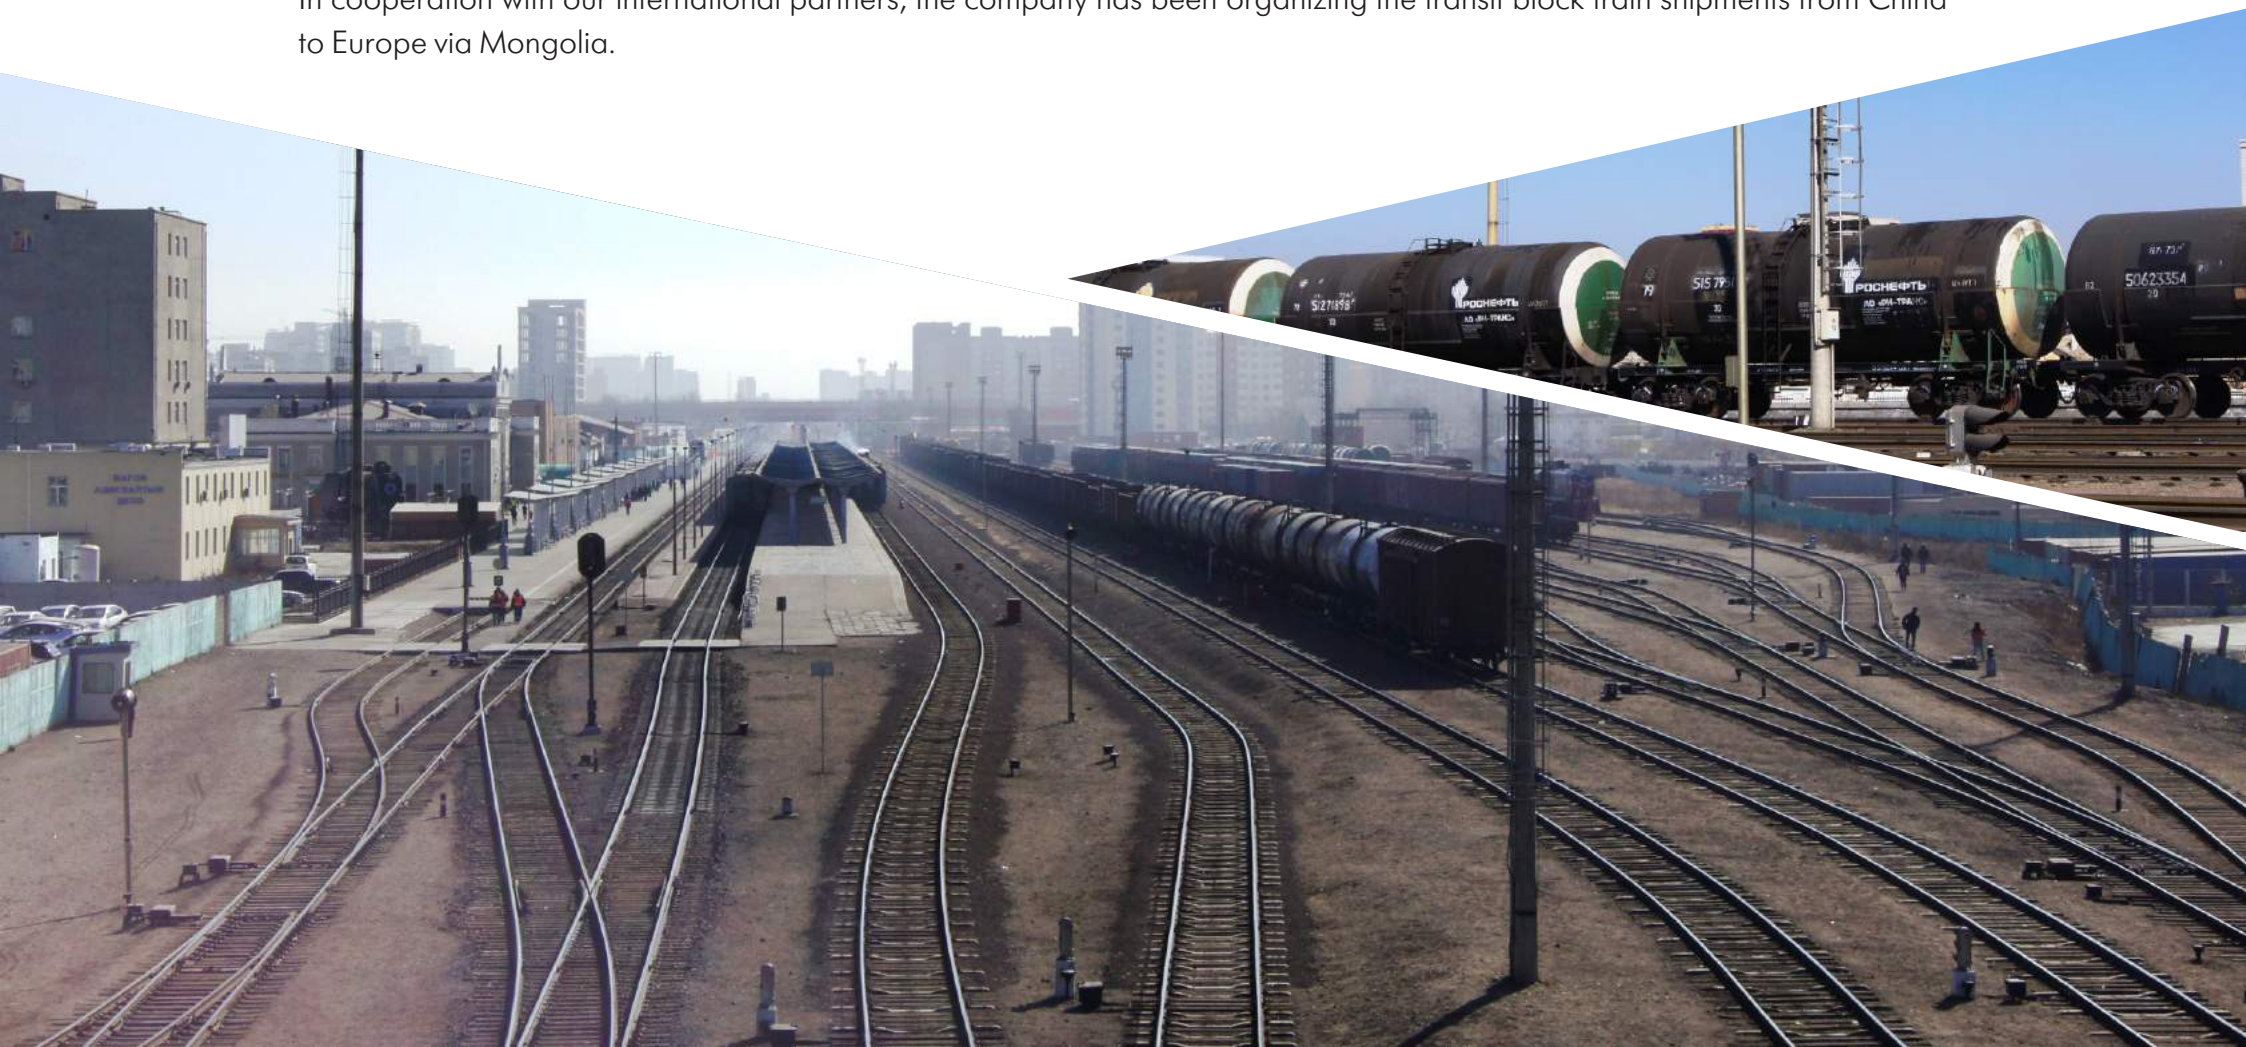

TRANSIT SHIPMENTS THROUGH MONGOLIA

Mongolian Express aims to develop a transit route through Mongolia and provides railway and combined transport solutions for the transit goods from/to the Russian Federation and Europe to/from China and Asian countries via Mongolia.

This transit traffic via Mongolia is attracted by a relatively short distance and transit time, by the security of route and smooth railway transportation.

In cooperation with our international partners, the company has been organizing the transit block train shipments from China to Europe via Mongolia.

REFRIGERATED TRANSPORT

One of the strategic goals of Mongolian Express company is to develop the transportation services for the goods, which require a special temperature regime. The company started to successfully organize the rail and road transport of perishable goods. We offer shipments by the refrigerated containers and the temperature controlled trucks. Also, transportation is possible using reefer wagon sections and thermos wagons.

The company has its own refrigerated containers and generator sets for reefer containers.

LOGISTICS FOR MINING COMPANIES

Mongolia's mining sector has some of the world's richest deposits of gold and copper, uranium, coal, fluorspar and rare metals.

Nowadays the global demand for mineral resources is rapidly increasing.

Therefore the reliable transportation of mining equipment and materials for our customers in mining industry and their delivery to the remote mining sites is very important.

Monex provides cost effective options for all your mining logistics requirements:

- Transport route survey
- Heavy lift, out-of-gauge transportation
- Chemicals, reagents, dangerous goods shipments
- Shipments of various mining machineries & earthmoving equipment, draglines, crushers,
- Cargo movement monitoring

CUSTOMS BROKERAGE

Monex as a licensed customs broker, offers a full range of clearing services, including final & temporary import, export, re-export and transit customs clearance.

Our entire staff has wide experience and is represented on the customs terminals in Ulaanbaatar, Zamyn-Uud, Darhan, Erdenet, Sukhbaatar and at Chinggiskhaan International Airport in Ulaanbaatar.

WAREHOUSING SERVICES

The company operates a warehouse facility in Ulaanbaatar. Our warehouses comply with safety and environmental standards and the company's warehousing services include:

- ✓ Customs clearance and storage of goods at customs bonded warehouses
- ✓ Storage at normal warehouses
- ✓ Open yard storage area
- ✓ Inventory management and control
